Cured Hay Fever and Summer

Cold

A. J. Nusbaum, Batesville, In-

diana, writes: "Last year I suffered

for three months with a summer

cold so distressing that it interfered

with my business. I had many of

the symptoms of hay fever, and a

doctor's prescription did not reach

my case, and I took several medi-

cines which seemed to only aggra-

vate my case. Fortunately I in-

sisted upon having Foley's Honey

and Tar in the yellow package and

it quickly cured me. My wife has

since used Foley's Honey and Tar

with the same success. L. S. Sim-

property of the Sacramento

purities from the blood and unless

they do this good health is impos-

sible. Foley's Kidney Cure makes

der disease. It strengthens the

whole system. L. S. Simmons.

Children Make Fine Display

In the north wing of the

pavilion at the State Fair was

made of the work of the

the Home for Feeble-minded

children in this county. It

was well worth the notice from

the fact that the work was

done by the children who did the

mentally infirm. It was a

close comparison with the

work done in our commu-

nity by children in possession

of normal faculties. Not only

were there excellent specimens

of weaving in colored patterns

paper cut into the forms of

the children. In addition to

these there were specimens of

grammar, spelling, geography

and physiology.

As the earthquake damaged

the school greatly, and the

damage has not been fully re-

paired, the work by the boys in

managing, but the girls have

done the first thing necessary

was to get them to take an

interest in the work, but that once

they are good workers.

As an evidence of this there were

showcases filled with em-

broidered and fancy work of an

excellence that makes it hard to believe

it is the work of hands act-

ing feeble brains. Painting of

true to color, embroidered

covers, lavender sticks, pyro-

graphy, ornamental work on boxes

and even point lace are to be seen

as well as the Indian basket-

The National Irrigation Congress

which met in Sacramento last week

gave a great impetus to local im-

provement and development, as

well as to the movement for irri-

gation, forestry and conservation

of the whole resources of the country.

Almost immediately after the close

of the Congress a City and County

bond election was held and bonds

voted for roads, bridges and public

bonds was one of the largest

Our Special Tax

The special high rate tax for the Sonoma Valley Union High School district, is due to the fact that the bonds for a new school building did not receive the required two-thirds majority at the recent bond election. By the bonding system, the debt would have been paid gradually, and those receiving a benefit therefrom, would have paid their pro-rate. By the special tax system, the present year's taxes pays the bill for succeeding generations.

TAX LEVY FIXED

The Board of Supervisors met on Monday in Santa Rosa and fixed the tax levy for the ensuing fiscal year in Sonoma county at \$1.75 on each \$100 worth of assessable property. This includes the state rate.

A special school tax was levied on the following school districts:

Court House	31
Healdsburg	48
Sebastopol	26
Loverdale (special and bond)	42
Ink	21
Carra	21
Washington	21

SOME ARE PROTESTING

As was anticipated when it was announced that the vaccination law was to be enforced in Sonoma county protests are already being received. Clerks of several of the school districts have called upon County Superintendent DeWitt Montgomery to make further inquiries regarding methods of procedure, and some of them have brought protests from people in their respective districts. The State Board has sent out its ultimatum, not only to this county, but to others.

Upon inquiry regarding the law it was ascertained Wednesday that it is necessary for school trustees to purchase good and reliable virus to be used at the time of vaccination. In case where parents are too poor to pay for the physician this may also be made a charge against the district.

While there are protests coming in from other parts of the county the parents of Sonoma take the matter philosophically and nearly all of the school children have been vaccinated.

Your Opportunity

Large Shipment

J. K. Bigelow received this week a consignment of 3250 fine white leghorn eggs from Lakewood, New Jersey. The express charges alone on the same, were \$101.

PURGLARS AT WORK

Last Saturday night, or rather about two A. M. Sunday morning, an unknown party entered the home of L. S. Simmons on Broadway, and going up stairs stole Mr. Simmons' trousers while the household was sound asleep, took them down into the parlor and extracted seventy-five dollars from the pockets and then departed, taking nothing else. Presumably the same party during the same morning visited the Goodman and Stofen residences, but was frightened away before receiving any booty.

Otto Wagner's large St. Bernard dog entered such long and persistent objections to the prowler's presence in the neighborhood that its master was aroused and going to the front door saw the burglar emerge from the Stofen gate and make rapid strides in the other direction.

The officers have been working on the case but as yet have obtained no definite clue.

NEW STREETS OPENED

W. B. Austin, the purchaser of the Chase property east of town, has authorized his local agent, Mr. B. F. Campbell, to go ahead with construction work, the building of the bridge and the grading of streets. Adam Adler has the contract to build the bridge and E. H. Johansen will do the grading.

At present, two new streets will be laid out, one from Broadway east through the property, and will be known as Chase Ave., the other street will extend from Germany St. south of the high school to France St., between the Dal Pogetto and Estes properties. It is the owner's intention also to plant trees and lay cement sidewalks before selling lots.

NEW ENTERPRISE

Messrs Paul Rolin and Theodore Kiser, two well known and popular young men of this city, have purchased the lot between the French Laundry and the Granville Harris property on Napa St., and expect soon to build thereon. The firm are planning to have in their new building, a barber shop and cigar stand in front and bath rooms in back. They also expect to build a bowling alley in connection with their other enterprises. Taken all together, these enterprising young men seem to be quite busy and will no doubt be successful in their new business venture.

County Courthouse

The cast iron base for the steel frame of the new Sonoma county courthouse are now being placed in position and the ground within the foundation walls is being leveled off preparatory to laying the concrete floor for the building. With this work completed there will be no delay in putting up the steel frame on the arrival of the material on account of the wet condition of the ground. It is expected that on the arrival of the steel it will be put together as a large force of men can do the work, so that there may be no delay in building the re-enforced concrete wall.

Minors Have Guardian

Anna Hauto was on Wednesday morning appointed guardian of the persons and estates of Dora Hauto and other minor children, of the late Captain Hauto, of the "Four Sisters." Judge Denny made the order, requiring two hundred dollar bonds for each minor. Attorney D. R. Gale represents the petitioner.

Stone Work Nearly Finished

Contractor, architect, workmen and the city trustees were much interested yesterday in the ceremony of laying the last keystone of the new municipal building in the plaza. Just a few more stones are to be placed in the alcoves of the second story and the masonry work will have been finished. Carpenters are now at work and it will not be long before our city officials will be housed in new quarters.

New Fruit Store

W. S. Spencer contemplates opening a fish and vegetable market on Broadway in the near future. He will also carry a stock of fruits in this season.

Exciting Runaway

Tuesday afternoon, about 5:30, the people on Napa St. were startled by a double team running at breakneck speed through town. The horses were driven by a Jap and his wife who were on their way from Napa to Santa Rosa. The team became frightened at a passing auto near the Balotti bridge and were soon beyond the control of the driver. Upon reaching the corner of Napa and First streets east, the rig collided with Carl Dresels delivery wagon hitched there, the impact hurling man and wife to the ground with great force. Many willing hands assisted the unfortunate couple who seemed to have miraculously escaped any serious injury. The horses were freed by the collision and kept on running but brought up on Cleve's sidewalk when they attempted to make too short a turn into Broadway. The harness and rig were considerably damaged. The buggy and team were put in the Union Stable and Mr. Jap and his wife, continued their journey on the S. P. train. The rig belonged to Wm. Hockin of Santa Rosa.

Winning Laurels

Harold Stonier, a former Sonoma boy who attended the local Grammar school, has distinguished himself at a recent public gathering in Nipomo where the Stonier family settled after leaving Sonoma about two years ago.

Young Stonier addressed the assemblage at great length, his wonderful flow of language and knowledge of rhetoric and history, won the plaudits of all who heard his masterly maiden effort. He is certainly very talented and is wise enough to adopt the profession in which his genius will be calculated to make him a shining light. He will study for the legal profession.

His friends here are naturally very proud of him and delighted to learn of his success.

Rev. Cragin Departs

Rev. C. C. Cragin of the Congregational Church here, left for his home in Campbell, Santa Clara Co., on Monday, carrying with him the best wishes of many Sonoma Valley friends. As a token of esteem and appreciation, a number of his friends presented the reverend gentleman with a substantial purse of coin.

Rev. Rowe Returned

The many friends of Rev. R. Lionel Rowe and wife, will be delighted to learn that the former has been returned to the pastorate of the M. E. Church here, for another year. The earnest petition of the congregation has been thus favorably acted upon by the recent conference held at Pacific Grove.

Fixed Contract

The contract for the construction of the Verano bridge crossing Sonoma creek, was modified by the Supervisors at their session Monday. The original contract called for the driving of piling along the bank of Sonoma creek for a distance of twenty feet on the site of the former bank of the stream. Supervisors naturally wanted the piling driven along the present stream, a portion of the piling having been washed away. The contractor will place the piling as desired and where it is the greatest good.

How to Avoid Appendicitis
